

**Exam : RES Software ES0-002**

**Title : RES Wisdom Series 4 Essentials  
Exam**

**Update : Demo**

1. RES Wisdom agents communicate directly with the

1. datastore.
2. dispatcher(s).
3. management console.

- A. 1 only
- B. 2 only
- C. 1 and 2 only
- D. 1, 2 and 3

Answer: B

2. Which database types are supported by RES Wisdom?

1. MSSQL
2. MySQL
3. Oracle
4. IBM DB2

- A. 1 only
- B. 1 and 2 only
- C. 1, 2 and 3 only
- D. 1, 2, 3 and 4

Answer: D

3. Bandwidth Management settings control the amount of data that is downloaded

- A. per second by an agent from a dispatcher.
- B. per second by a dispatcher from a datastore.
- C. per minute by an agent from a dispatcher.
- D. per minute by a dispatcher from a datastore.

Answer: A

4. When using an MSSQL datastore, MDAC 2.6 or higher is required by the

1. agent.
  2. console.
  3. dispatcher.
  4. datastore.
- A. 1 and 2 only
- B. 2 and 3 only
- C. 3 and 4 only
- D. 1 and 4 only

Answer: B

5. Which nodes are available in the Management Console after installing it?

- A. Infrastructure > Datastore > Setup > Components
- B. Infrastructure > Datastore > Setup > Connection
- C. Infrastructure > Datastore > Setup > Global Settings
- D. Infrastructure > Datastore > Setup > Licensing

Answer: B

6. When using an MSSQL Server to hold a RES Wisdom datastore, which prerequisites must be met?

1. SQL server authentication must be set to Windows only.
  2. SQL server authentication must be set to mixed mode.
  3. A database and database user must be created.
  4. An existing System Administrator Login must be available.
- A. 1 and 4 only
- B. 2 and 4 only
- C. 1, 3 and 4 only
- D. 2, 3 and 4 only

Answer: B

7. A RES Wisdom login belongs to the following Security Roles:

Role 1:

Job Scheduling = Read

Current Activity = Deny

Job Results = Read

Role 2:

Job Scheduling = Deny

Current Activity = Read

Job Results = Modify

What is the resulting security for this login?

- A. Job Scheduling = Read, Current Activity = Deny, Job Results = Read
- B. Job Scheduling = Deny, Current Activity = Read, Job Results = Modify
- C. Job Scheduling = Read, Current Activity = Read, Job Results = Modify
- D. Job Scheduling = Deny, Current Activity = Deny, Job Results = Read

Answer: C

8. While installing RES Wisdom

- A. a default Security Role will be created.
- B. a default RES Wisdom Login Account will be created.
- C. the user will be prompted to create a Security Role.
- D. the user will be prompted to create a RES Wisdom Login Account.

Answer: A

9. With what setting is an administrator able to control when to download a resource to a dispatcher?

- A. Dispatcher discovery
- B. Dispatcher cache timing
- C. Dispatcher cache duration
- D. Dispatcher cache availability

Answer: B

10. How would an administrator make sure that all active dispatchers are available to an agent?

1. Use autodetect and only use discovered dispatchers
2. Use autodetect and retrieve complete dispatcher address list
3. Use dispatcher address list and only use discovered dispatchers
4. Use dispatcher address list and retrieve complete dispatcher address list after discovery

A. 1 and 2 only

B. 1 and 3 only

C. 2 and 4 only

D. 3 and 4 only

Answer: C

11. What happens when an agent is updated with an incorrect dispatcher address list?

The agent will

- A. prompt for a valid dispatcher address.
- B. revert to its "last known good configuration".
- C. be removed from the RES Wisdom management console.
- D. contact a different agent for the correct dispatcher addresses.

Answer: B

12. Custom Properties apply to

1. agents.
  2. modules.
  3. projects.
  4. teams.
- A. 1 and 3 only
  - B. 1 and 4 only
  - C. 2 and 3 only
  - D. 2 and 4 only

Answer: B

13. Which connections can be secured with Secure Sockets Layer (SSL)?

Connections between

1. console and agents.
2. datastore and agents.
3. dispatchers and agents.
4. datastore and consoles.

- A. 1 only
- B. 3 only
- C. 2 and 4 only
- D. 3 and 4 only

Answer: D

14. Given the following situation, how many RES Wisdom licenses should be purchased?

- 2 Terminal Servers
- 3 Servers
- 8 Laptops
- 15 Desktops
- 2 Dispatchers

- A. 37
- B. 39
- C. 44
- D. 46

Answer: C

15. RES Wisdom licensing is provided by

- A. license files and activation files.
- B. license files and activation keys.
- C. license keys and activation files.

D. license keys and activation keys.

Answer: A

16. The Consoles entry of the Infrastructure node is used to

1. search for a specific console.
2. update the RES Wisdom environment.
3. deploy, repair and remove consoles.
4. display the properties of a console.

A. 1, 2 and 3 only

B. 1, 3 and 4 only

C. 2, 3 and 4 only

D. 1, 2, 3 and 4

Answer: B

17. Which information is available when the console's node is selected?

1. GUID
2. Operating system
3. Component version
4. Database encryption

A. 1 and 2 only

B. 3 and 4 only

C. 1, 2 and 4 only

D. 2, 3 and 4 only

Answer: D

18. When deploying a console manually, the installation file can be obtained from

- A. the RES website.
- B. %programfiles%\RES Wisdom.
- C. the Consoles section of the Infrastructure node.

D. the Components section of the Infrastructure > Datastore node.

Answer: D

19. Which of the following can be used to deploy a dispatcher?

The computer's

1. Fully-Qualified Domain Name.
2. Host Name.
3. IP address.
4. MAC address.

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1, 2 and 3 only
- D. 1, 3 and 4 only

Answer: C

20. Which of the following public properties are used when deploying a dispatcher unattended?

1. DBHOST
2. DBSERVER
3. DBTYPE
4. DBVENDOR

- A. 1 and 3 only
- B. 1 and 4 only
- C. 2 and 3 only
- D. 2 and 4 only

Answer: C

21. Which RES Wisdom component performs the tasks and queries?

- A. Agent
- B. Datastore

- C. Dispatcher
- D. Management Console

Answer: A

22. What happens with an agent if the administrator has prepared the agent for an embedded deployment?

The agent will

- A. appear offline in the agent list and will release its license.
- B. stay online in the agent list but will be locked for job scheduling.
- C. appear offline in the agent list and will be locked for job scheduling.
- D. disappear from the agent list and will no longer be available in the console.

Answer: D

23. Which RES Wisdom components can be grouped in teams?

- 1. Agents
- 2. Consoles
- 3. Dispatchers
- 4. Datastores

- A. 1 only
- B. 1 and 2 only
- C. 1 and 3 only
- D. 2 and 4 only

Answer: A

24. What happens when a team is disabled?

- A. Team cannot be selected in a job
- B. Team cannot be removed from a job
- C. Job to be executed by the team will automatically fail
- D. Job to be executed by the team will automatically abort

Answer: A

25. What is the main advantage of a resource that is located on a file share?

- A. It is always approachable
- B. It consists of a single file
- C. It circumvents the dispatcher
- D. It needs credentials to be accessed

Answer: C

26. When scanning for unused resources, what resources will be displayed?

- 1. Resources that have never been used in modules
- 2. Resources used in modules that have never been scheduled
- 3. Resources that have been used in modules, but no longer are used

- A. 2 only
- B. 1 and 3 only
- C. 2 and 3 only
- D. 1, 2 and 3 only

Answer: B

27. Which file types will enable the View button on the properties screen of a resource?

- A. .csv files and .txt files
- B. .txt files and .ini files
- C. .ini files and .xml files
- D. .xml files and .csv files

Answer: B

28. Which statements about resources are true?

- 1. Resources can be grouped in folders.
- 2. The administrator can manually add folders to a RES Wisdom Resource Package.

3. The maximum size of a single resource that is stored in the RES Wisdom datastore is 2 gigabytes.

- A. 1 and 2 only
- B. 1 and 3 only
- C. 2 and 3 only
- D. 1, 2 and 3

Answer: A

29. If a Building Block is created that includes resources, which file types will be saved?

- 1. .exe
  - 2. .msi
  - 3. .xbb
  - 4. .xml
- A. 1 and 3 only
  - B. 2 and 3 only
  - C. 2 and 4 only
  - D. 3 and 4 only

Answer: D

30. Error control can be configured per

- A. task only.
- B. module only.
- C. query and per task.
- D. module and per project.

Answer: A

KillTest.com was founded in 2006. The safer,easier way to help you pass any IT Certification exams . We provide high quality IT Certification exams practice questions and answers(Q&A). Especially [Adobe](#), [Apple](#), [Citrix](#), [Comptia](#), [EMC](#), [HP](#), [HuaWei](#), [LPI](#), [Nortel](#), [Oracle](#), [SUN](#), [Vmware](#) and so on. And help you pass any IT Certification exams at the first try.

You can reach us at any of the email addresses listed below.
